The AR penny was introduced into England by Offa, king of Mercia (757-796). AV was introduced by Edward III in 1343. He also introduced the groat (4d) & 1/2.

Edward IV (1461) introduced the angel

Henry VII (1485) " sovereign and the shilling & on his coins the first serious attempt at portraiture is found.

In 1672 a true copper coinage was introduced.

Between 1760 & 1816 hardly any R or Æ was issued the gap being filled by stamped Spanish pieces, Bank of England & other tokens.

ENGLAND

The oldest Scottish coins are pennies of David I, (1124). David II, after 1357 introduced AV.

Scottish coinage ends in 1709.

Ireland — AR pennies of the early Danish kings, the earliest being that of Sihtric III, 989-.

Anglo-Irish coinage begins in 1177 when John, as Lord of Ireland, received the right of coinage.
